Not sure where things stand as to what you know.

I have been working on a mussel survey scope of work with Sarah Horton from DEP. She should be about ready to officially submit.

I have agreed to be their malacologist on site and currently have my schedule cleared for first two weeks in June.

Hi Ladies,

I had not heard back from you, and I really need this information. Please let me know if there is an issue.

Thanks,

Denise

Hi Janet and Laura,

I noted in the WVDNR/USFWS mussel survey protocol that the survey window opens back up May 1. Can you tell me when the state plans to do the survey in the area of the CSB? Generally, how long does it take before the results are available?

Let me know if you have any questions.

Thanks,

Denise
